INTERNATIONAL SYMPOSIUM „ADVOCACY FOR TECHNIQUE”

27TH MAY 2017

Dear Madam/ Sir,

Technical College „Mircea cel Batran”, Bucharest organises on the **27th of May 2017** the **9th Edition** of the International Symposium „Advocacy for Technique”, with the topic: *„The Importance of Competencies Acquired at School in the Context of Globalisation”*.

As in every technical and interdisciplinary field, the competencies are fundamental for a continuous development, beneficial for both the students and teachers. The knowledge of the newest accomplishments and the experience of professionals from different domains, as well as proving the competencies acquired by students, will constitute the starting point of the debates from the point of view of globalisation.

Within this scientific manifestation, our school is honoured to invite you, as we are convinced that the news presented and debated will be in the benefit of every participant.

THE AIM OF THE MANIFESTATION:

The Symposium will constitute a good occasion to promote learning based on competencies and to valorize them in different contexts, within a larger process of creating a modern and efficient educational system. Likewise, the event will represent an opportunity to learn about the newest accomplishments in the field of the main topic, to disseminate and promote the results of various researches, to maintain contact between specialists, to identify the possibilities of creating new collaborations and partnerships, within the context of globalisation.

THE OBJECTIVES OF THE SYMPOSIUM:

- To promote the strategies regarding the development of the educational system based on competencies;
- To raise awareness towards the necessity of gaining, demonstrating and developing students' competencies;
- To relate to the global dimension of researches and applications from science and technology.
