

THE MESSAGE OF THE TEACHER TRAINING HOUSE OF BUCHAREST
INTERNATIONAL DAY OF EDUCATION
05 OCTOBER 2016

As you have been accustomed to, on this special day for education, CCD-Bucharest connects you to international news. Thus, UNESCO welcomes the International Education Day with a specific theme for each year, in 2017 focusing on free education and recognizing the value of the educator.

The Team of the Teacher Training House of Bucharest marks this day by launching an invitation - to those for whom education is a major area of interest - to use the www.ccd-bucuresti.org site to express their expectations, good thoughts towards colleagues from schools and to highlight positive facts from the daily that value education.
